## CRAFT TIME:

### Egg Carton Lobster

#### SUPPLIES:

- Egg carton
- 3 red pipe cleaners
- Red paint
- Paint brush
- Hole punch
- Scissors
- Glue
- 2 googly eyes

#### INSTRUCTIONS:

1. To make the body of your lobster, you will need 4 cups in a row. Trim them down so they have rounded edges.
2. Cut 2 more cups from the carton to make a tail and 2 claws.
3. Paint all the carton cups red. Allow time to dry.
4. Cut one of the egg cups in half and trim the 2 halves so they resemble claws.
5. Cut the remaining up in half and trim it to make a tail.
6. Punch 3 holes in each side of the lobster's body. Punch 2 holes in the 'head' to thread the arm claws through.
7. Trim your pipe cleaners to a good 'leg length' and thread 3 of those through the leg holes in the body.
8. Now thread a pipe cleaner through the front 'head' part.
9. Attach the claws by piercing a small hole in each one. Then push the pipe cleaner through and bend it to keep it in place.
10. Glue the tail on to the end of your lobster's body.
11. Now for some eyes: You'll need 2 short pieces of pipe cleaner-about 3cm each. Pierce 2 holes into the top of the lobster's 'head'. Push the pipe cleaner through, leave it to stick up 2.5cm. Turn the lobster over and bend the ends of the pipe cleaners to hold it in place underneath.
12. Glue 2 googly eyes to his antennas.
