**WINTER TREE ART**

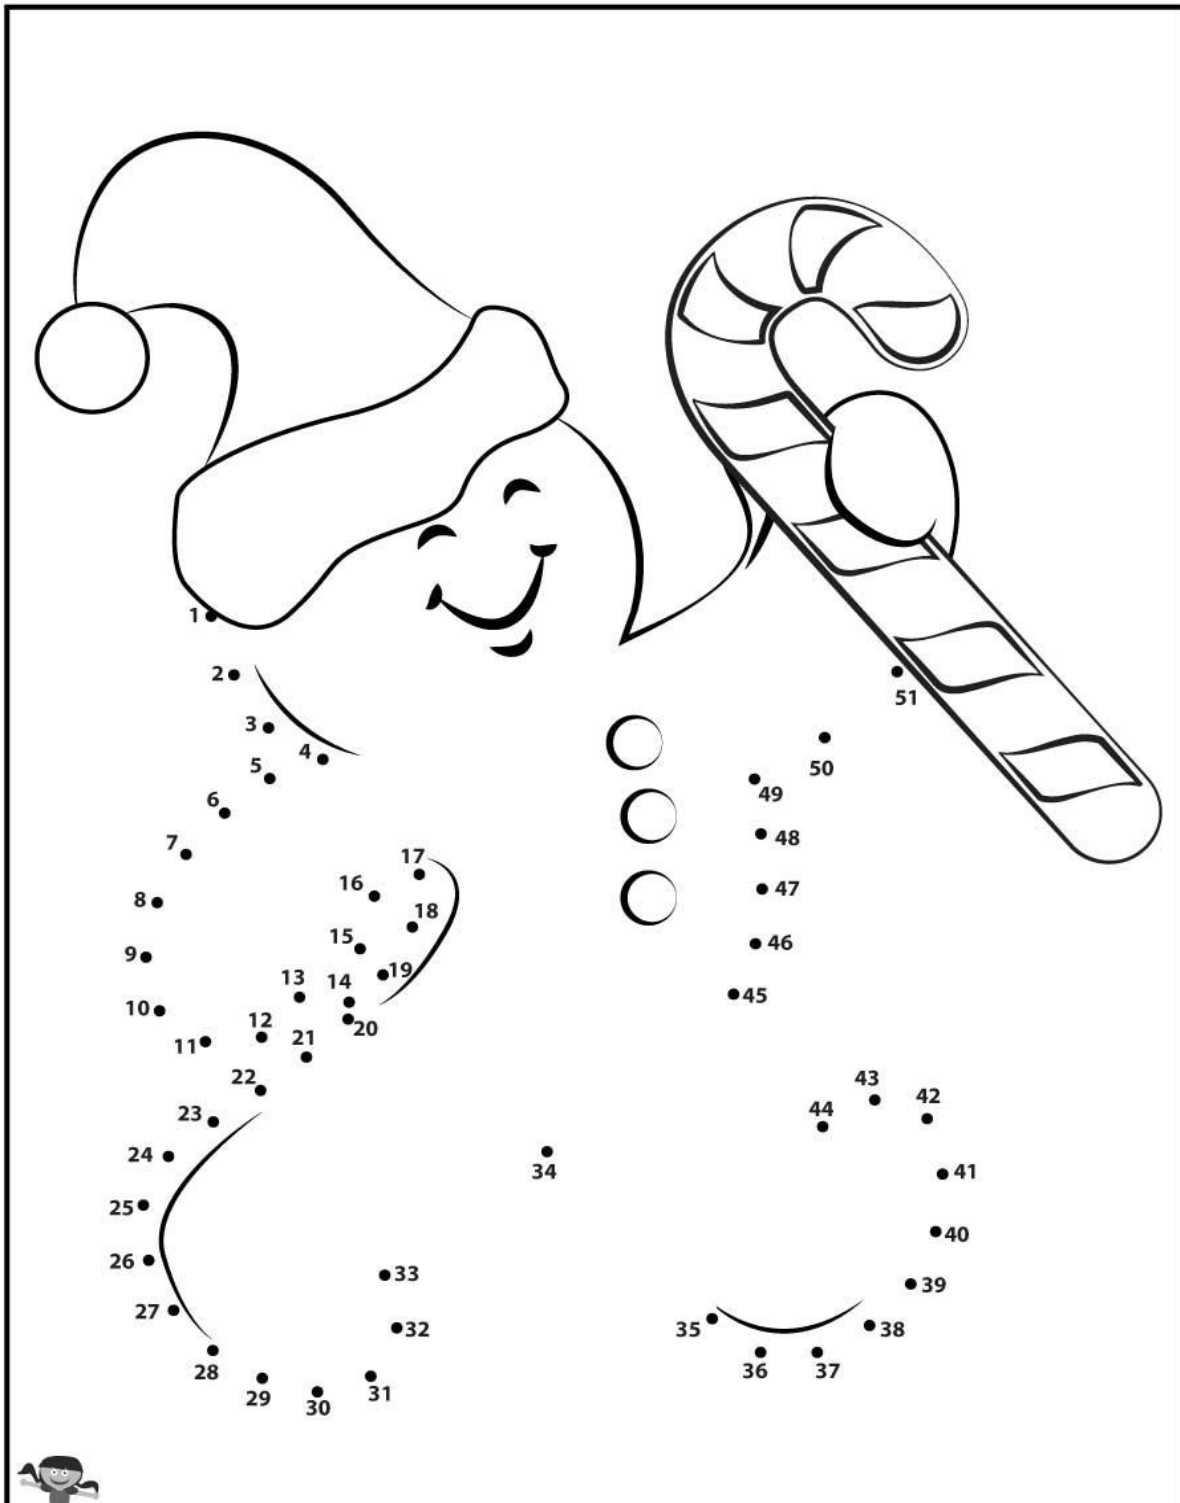

**SUPPLIES:**

- Small twigs
- White paint
- Glue
- Construction paper
- Q-tips

**INSTRUCTIONS:**

1. Head outside and collect fallen twigs and sticks.
2. Choose a coloured piece of construction paper for your background.
3. Design the layout of your wintry tree. Use a thicker, bigger stick to represent the base of the tree. Use smaller, thinner twigs for the branches.
4. Glue your twigs to the construction paper.
5. Give your tree some time to dry fully.
6. Use a q-tip and your white paint to add “snow” to your scene. We added snow to the bottom and added a few “flakes” to the surroundings.
